

Message from the Managing Director

The words 'We the People' incredibly embodies the spirit of unity and inclusion. We consistently create an environment where everyone is valued, every voice is heard, and where each individual contributes to the vibrant tapestry of the institution, daring to envision a world where everyone belongs, to bring about a positive change in the society. Unity is not just about standing together; it is about lifting each other up, recognizing that we are stronger when we work together.

Dear students, as you journey through school and beyond, remember that your unity is your strength. Celebrate each other's successes, learn from challenges, and always be willing to stand together. There is no limit to what we can achieve. I wish this newsletter a great success.

Value of the month- We the People

Delhi-based school student Suhani Chauhan recently received Pradhan Mantri Rashtriya Bal Puraskar for Innovation, from President Droupadi Murmu on Independence Day, 2024. A student of Class VIII, Suhani received the highest honour for children and youth for her path breaking innovation 'So-Apt'. So-Apt is a multi-function solar energy powered vehicle for agricultural use, with zero carbon emission to benefit small farmers. The vehicle can be used for seed-sowing, spraying, irrigation, hole digging etc which make it high on utility using renewable energy. If each one of us use the power within us to positively impact our community, town, or nation, 'We the people' can transform our society and take our nation forward.

|| A Promised Land ||

In this Disney, angels with soft palms
reside.
In this temple, little worshippers gather
with their immature but enriched eyes!
A paradise where God awakes and sleeps
with the bell and chants.
In this dreamland, the dreamers with little
feet draw countless prints.
Hail thou, let us come, welcome greetings!

My School

My school is my second home,
My school is my world,
I love to go to school every day,
If it is Sunday too.
I cry, I cry when I am sick,
Because I cannot go to school.
I love, I love, I love my school,
I know that my school teachers love me
too.

My School

Our school is our favourite place
Where we can enjoy and learn.
There are some rules in school
In the stairs, not to run.

Our school is surrounded by big plants,

Which are green,
Everywhere it is neat and clean.
Wow! What a beautiful scene.

I go to school not to

Earn a pound,
But to enjoy;

The whole learning ground.

Learning for me is super fun,

It produces a good human being in the long run.
